BacPac Venture

Elegant 15.4“ Notebook backpack with plenty of room

The elegant “BacPac Venture“ is the space miracle among Notebook backpacks. The four separately zippered compartments not only hold the Notebook but also plenty of accessories. The effective padding in the special Notebook compartment protects the Notebook in combination with the Notebook strap from all sides. Moreover, the two-part compartment also offers room for further documents. Next to mobile equipment such as mouse, power supply units or cables the two main compartments can easily hold even big file folders. An MP3/CD player or an iPod can be stashed in the protected multimedia pocket featuring a water-repellent cable opening for headphones. This makes for pleasant music listening while on the go. The front compartment with its integrated workstation takes care of cell phone, pens, keys and more. The integrated zippered pocket can be used for personal things. Especially sophisticated: In case the BacPac Venture is not fully loaded, the backpack’s volume can be scaled down by flaps on the side. Personal belongings are easily accessible in the net pockets on the side. BacPac Venture is equipped with ergonomically formed shoulder straps including a detachable cell phone or camera pocket as well as a breathable back padding. The adjustable chest and hip straps make for secure fastening and exceptional comfort during transport. Due to its water-repellent, durable material BacPac Venture offers additional protection for the Notebook and mobile equipment.
